

*iNTeg-Risk: Early Recognition, Monitoring and Integrated Management of Emerging, New Technology Related Risks*

## **iNTeg-Risk Meeting**

**Kick-off meeting, CEN premises, Bruxelles  
Mihai Costescu, Stefan Kovacs- INCDPM "Alexandru  
Darabont", Bucharest, Romania**

## **Short presentation of INCDPM "Alexandru Darabont"**

- INCDPM "Alexandru Darabont" was founded in 1951 and is the Romanian Research Institute specialized in occupational safety. Our research goes far beyond in the domain of risk prevention and safety assurance, having also training and dissemination activities.
- INCDPM has 123 employees and 90 high school employees and is under the double coordination of the Romanian Labour Ministry and the Romanian Research Agency.

- Through IntegRisk INCDPM wants to use its best capabilities to develop and participate at the development of new knowledge and also to share this experience inside Romania.
- The IntegRisk developments could be very important for Romania as a newcomer in the European Union family.
